

Case Study

Bar & Restaurant -Fugu

Location: Didsbury, Manchester

Project: Refurbishment and Restoration

Project Length: 16 weeks

Information:

The former Clock Tower, public house was converted to form Fugu Bar & Restaurant Didsbury, Manchester.

The new bar and restaurant were completed in a conservation area, working together with the local conservation panel to create an environment in keeping with the area, whilst adhering to stringent planning guidance.

Building Projects UK Ltd were appointed as principal contractors, working together with our in house design team from conception to completion.

Other works completed included:

- Strip out back to the structural shell
- Design and planning consultation.
- Complete internal fit-out including feature ceilings to three floors.
- Air Conditioning and ventilation.
- Open plan commercial kitchen inclusive of all equipment & services.
- Restoration of sash windows, lead work, slating and re-pointing.
- Raised patio area.
