Project Information

Medical Practice Refurbishment - Thornbrook Surgery

Location: Chapel-en-Le-Frith, High Peak

Project: Refurbishment of Medical Practice Phase I & II

Project Length: 18 Weeks

Information:

Recently completed, the Project was to include re-modelling the entire surgery, construct an extension, loft conversion, a new glass reception desk & HVAC. The Client is absolutely delighted with the results and the manner in which the project was undertaken – working evenings and weekends to minimise the impact on the running of the surgery which was completed on time to budget and to a very high standard of workmanship.
